<p>If a student has already taken one of the required courses in the HID curriculum, an honors-enhanced course may substitute for that course. An honors-enhanced course is a 3000/4000-level business course that includes enrichment experiences in addition to the regular course requirements. A form for creating an honors-enhanced section of a course (“Course Enhancement Agreement”) is found on the college website. The completed form must be submitted to your departmental coordinator within the first two weeks of the semester. The student should work with their departmental HID coordinator to find an honors-enhanced course.</p> <p>Honors-enhanced courses may be used to satisfy no more than two courses (i.e., six credits) of the required hours (upon approval of your departmental HID coordinator). No course enhancements may be substituted for the student's Honors Research Methods and Statistics or Honors Thesis courses.</p>
