

Honors-Enhanced Course Agreement

Instructions: The student should discuss the requirements for earning honors-enhanced credit with the course instructor. A detailed description of the enrichment experiences (that are in addition to the regular course requirements) should be written on this form. The student and instructor must sign this form. The departmental HID Coordinator must sign as approval of the honors-enhanced course. The completed form must be submitted to the student's CBAT Honors-In-Discipline Departmental Coordinator for final approval and creation of the 088 course. The student will then need to register for the 088 section of the course to be taken for honors credit.

Semester: _____ Year: _____

Course: _____

Instructor: _____

Student: _____ E-Number: _____

Detailed Description of Agreed-Upon Honors Enhancement

Note: Additional coursework must be of sufficient merit and rigor to justify an honors enhancement.
