

ACKNOWLEDGEMENT OF REQUIREMENTS FOR CLINICAL AND PROFESSIONAL EXPERIENCES

As part of your educational programming, you are required to participate in clinical and/or professional experiences. Facilities where these experiences take place have requirements that must be completed in order to participate.

Requirements may include, but are not limited to:

- Vaccinations
- Personal Protective Equipment
- Criminal Background Checks
- Drug Testing
- Insurance Coverage

In some instances, a facility may permit you to request an exemption from one or more requirements. The college will assist you in facilitating the exemption process. Please know, some facilities do not accept exemptions. Additionally, consideration or approval of an exemption at one facility does not mean another facility will consider and approve the same exemption request. Requirements set by facilities are out of the college's control.

_____ **If you choose to request an exemption and/or to not complete requirements**
Student established at a facility, it is your responsibility to carefully consider how that may
Initials **affect your academic progression, graduation date, educational costs, professional**
career, etc. This choice may prevent you from progression and graduation in your
program. Availability of facility placements that do not require students to complete certain
requirements may not be possible or may be extremely limited.

ETSU does not discriminate on the basis of race, color, ethnicity, national origin, sex, sexual orientation, gender identity, gender expression, religion, age, disability, veteran's status, genetic information, or any other protected class in its education programs and activities.

By signing below, you acknowledge your understanding of the requirements to participate in clinical and professional experiences and the potential impact of your choices if you choose not to comply with those requirements.
