

TNCompass Process for the Practitioner Occupational License

Objectives

By the end of this session, participants will be able to do the following:

- Understand the applicant submission process for the practitioner occupational license.
- Walk through the application submission process in TNCompass.

Purpose

TN Compass was created to allow for submissions of Tennessee educator licensure transactions, and this process is now available for the Practitioner Occupational License.

Benefits of using TNCompass:

- One-stop-shop for all documents and processing
- Quicker turnaround time
- Reduces communication lag time

Verification Process

Application for initial Occupational and CTE Licenses

The CTE Occupational License section is where educators can upload and verify information to support their application for a Tennessee teaching license. Based on the documentation submitted the Office of Educator Licensing will determine if the educator will be issued a Practitioner Occupational License. This license is valid for three (3) years.

In the following sections, please verify that the required information has been submitted to the Office of Educator Licensing. Information may also be uploaded by the educator, but official transcripts and praxis scores uploaded by the educator will not be accepted. Official transcripts must be sent directly to the Office of CTE Licensure.

Work Queue wizard language for applicants

The following sections will be used by the educators applying for a practitioner occupational license.

- **Personal Affirmation Page** – Allows the office to verify we have received the signed personal affirmation page. This document is required for all licensure transactions.
- **Assessment Page** – Allows educators to view assessments on file with the Office of Educator Licensing. Assessment scores must either be submitted to the office directly from the testing provider or from the attending Educator Preparation Provider, in the form of a designated institution score report. Scores may not be submitted by the educator.
- **Transcript Page** – This section allows educators to indicate that official transcripts have been submitted to the Office of Educator Licensing. Official transcripts may only be submitted to the Office of Educator Licensing, directly from the institution through the mail, or electronically sent to Education.Licensing@tn.gov.
- **Verification of Work Experience Form** – Applicants must upload this completed form to indicate work experience related to the endorsement area. This form must be notarized.
- **Occupational Qualification Sheet** – This form must be completed indicating all education levels and previous job duties.
- **Industry Certification** – A copy of your industry certification must be submitted where required. Please refer to the Licensure 101 Document to determine if your endorsement area requires certification: http://www.tn.gov/assets/entities/education/attachments/cte_lic_occupational_license_info_101.pdf Effective Sept. 1, 2015, there is a one year grace period for those endorsements requiring industry certification, except cosmetology, barbering, and health science. If you are applying for an occupational endorsement through the pathway option (education plus work experience), you must submit certification where required.
- **Educator Preparation Program** - Allows you to select the educator preparation program where you have been admitted. Teaching or work experience does not substitute for admittance into an educator preparation program. Only those that have a degree in education are exempt from being admitted.

The screenshot displays a web application interface for the Tennessee Department of Education. At the top left, there are logos for 'TN Department of Education', 'Tr', and a blue icon. On the top right, there are links for 'Home' and 'John Smith'. Below the navigation bar, the user's name 'John Smith' is displayed next to a graduation cap icon and a refresh icon. A horizontal menu contains four items: 'Evaluations', 'Licensure', 'Transactions', and 'Staff Assignments'. The 'Evaluations' item is selected. Below the menu, a yellow warning box contains the text: '⚠ Educator does not have evaluation data available in TNCompass or the LEA has not selected their evaluation model as this time.'
