

ETSU Guest Wireless Access Now Available!

Information Technology Services has implemented an ETSU-Guest Wireless network available on the ETSU main campus and in the residence halls. Other off-campus locations will be available soon. Visitors to the ETSU campus will select ETSU-Guest through Wi-Fi settings on their mobile device and be connected automatically. The new ETSU-Guest network is intended for use by ETSU guests only. ETSU students, faculty, and staff should continue to use the ETSU and ResNet wireless networks for their regular work and school activities. Please contact ITS@etsu.edu with any questions.
