

Instructions: Faculty may conduct a face-to-face on-site nurse practitioner student evaluation to observe the student's clinical performance. The clinical site must be <150 miles from the concentration school (one-way).

Procedure is as follows:

Students:

- 1. Submit completed clinical rotation plan in D2L Dropbox.
- 2. Review faculty evaluation criteria
- 3. Communicate with the faculty set up date for evaluation.
- 4. Notify preceptor of date/time faculty plan to conduct evaluation.

Faculty:

- 1. Review the student's clinical rotation plan in the Dropbox.
- 2. Ensure that the site is not >150 miles from the concentration school campus (one-way).
- 3. Select a date for the on-site evaluation.
- 4. Communicate the date/time via email with the student.
- 5. Conduct the evaluation using the Faculty Evaluation of NP Student Criteria (may be printed from project concert).
- 6. Complete the Faculty Evaluation of NP Student form in project concert:
 - a. Open project concert
 - b. Click evaluations
 - c. Click ad hoc evaluation form
 - d. Select the evaluation form: (clinical site, preceptor, or student)
 - e. Select Cao, Yan (ETSU Statistician)
 - f. Click create evaluation and complete the form
 - g. Video Instructions
- 7. Complete the Clinical Site Evaluation in project concert (same process as above).
- 8. Complete the Preceptor Evaluation in project concert (same process as above).
