ARTA 4957-002 Special Topics Atelier Course Notes: Throughout history, artists have hired and organized teams of assistants to aid them in the production of their artworks. Just as Henry Ford used organization and division of labor to expedite the manufacture of automobiles, artists organize workshops around principles of cooperative labor which allow them to produce art at a larger scale or greater volume than they could produce alone. Atelier (the French word for "workshop") presents students with an opportunity to study, understand, and experience the "factory" model of art production. Students will learn about historical and contemporary models of the artist's workshop and will each develop and submit a proposal for a large-scale arts project organized around the "workshop" model. Then, through democratic process, the class will select a single, "winning" proposal and work collectively toward the completion of that project (proposal) for the remainder of the semester.

ARTA 4957-003 Special Topics Course description: *Mixed Media Painting: Acrylic Workshop (3) Credits* This course will explore contemporary approaches to painting, with an emphasis on acrylic techniques, mediums and alternate materials. Encouraging experimentation, the class will begin with a series of exercises integrating elements such as drawing, collage, stenciling, digital transfer, and texture. As the class advances, students will develop conceptual ideas and a independent creative body of work utilizing mixed media and acrylic techniques.

ARTA 5957-003 Special Topics Course description: Mixed Media Painting: Acrylic Workshop (3) Credits This course will explore contemporary approaches to painting, with an emphasis on acrylic techniques, mediums and alternate materials. Encouraging experimentation, the class will begin with a series of exercises integrating elements such as drawing, collage, stenciling, digital transfer, and texture. As the class advances, students will develop conceptual ideas and a independent creative body of work utilizing mixed media and acrylic techniques.

ARTA 5957-002 Special Topics Atelier Course Notes: Throughout history, artists have hired and organized teams of assistants to aid them in the production of their artworks. Just as Henry Ford used organization and division of labor to expedite the manufacture of automobiles, artists organize workshops around principles of cooperative labor which allow them to produce art at a larger scale or greater volume than they could produce alone. Atelier (the French word for "workshop") presents students with an opportunity to study, understand, and experience the "factory" model of art production. Students will learn about historical and contemporary models of the artist's workshop and will each develop and submit a proposal for a large-scale arts project organized around the "workshop" model. Then, through democratic process, the class will select a single, "winning" proposal and work collectively toward the completion of that project (proposal) for the remainder of the semester.

BSTA-5350-995 is an internet-based, Wimba Video Streaming section. Students may log in to the live class using a computer at the time BSTA-5350-001 is scheduled. For minimum computer system requirements and additional information please go to <http://de.etsu.edu/nelsonr/minimumrequirements.htm> (you will need to copy/paste the link). Please be advised that for the 995 section you may be required to take exams at an approved testing center. Other requirements will be addressed by the professor. Recordings of each class session will be available via the course D2L page. Students wishing to attend a class-room section must enroll in BSTA-5350-001. It is encouraged that all students attend the on site section of this course. If any student wants to take this online section, please contact the instructor, Shimin Zheng in Lamb Hall, Room 46B G1 level or via a phone interview at 423-439-4327.

All students registered for the lab must complete safety training (by watching the ACS safety video and passing the safety quiz). If you have not done this online in the last year; go to <https://healthsafety.etsu.edu> and login using your complete email address (i.e. doej@goldmail.etsu.edu) and your ETSU network password. The site will welcome you, and then you will need to click on the "Training Modules" link on the left side of the page. A list will appear telling you which modules you are registered for. Click on the "Take" option next to Chemistry Safety. Please watch the video and then read all the safety information in the module. When complete, click on the "Take Training Quiz" link at the bottom of the module and take the quiz. You must complete and pass the quiz before being allowed in lab. You must complete the safety training by January 23, 2013 or you will be purged from both the laboratory (CHEM 1111) and lecture (CHEM 1110). If you are purged, you will not be able to add the courses back until you

have completed the safety training. Further, you will not be allowed in the laboratory until you have added back the courses. The last date to add back the courses before the late add period is January 30, 2013 at 4:30 PM.

CHEM 3611 is an approved writing-intensive course. CHEM 3611 SHOULD be taken with of after CHEM 3710, CHEM 3750, or CHEM 3760. Students who would like to take CHEM 3611 during the same semester as CHEM 3710/3750/3760 should contact the department's Executive Aide for a permit. All students registered for the lab must complete safety training (by watching the ACS safety video and passing the safety quiz). If you have not done this online in the last year; go to <https://healthsafety.etsu.edu> and login using your complete email address (i.e. doej@goldmail.etsu.edu) and your ETSU network password. The site will welcome you, and then you will need to click on the "Training Modules" link on the left side of the page. A list will appear telling you which modules you are registered for. Click on the "Take" option next to Chemistry Safety. Please watch the video and then read all the safety information in the module. When complete, click on the "Take Training Quiz" link at the bottom of the module and take the quiz. You must complete and pass the quiz before being allowed in lab. You must complete the safety training by January 23, 2013 or you will be purged from both the laboratory (CHEM 3611) and lecture (CHEM 3710/3760). If you are purged, you will not be able to add the courses back until you have completed the safety training. Further, you will not be allowed in the laboratory until you have added back the courses. The last date to add back the courses before the late add period is January 30, 2013 at 4:30 PM.

Note: COBH 2750-904 (crn 20239) is an internet-based course. Proctored exams will be required. Exams will be offered on campus in the CFAA testing center. If you are geographically unable to meet the on-site requirement, an appropriate off-site proctor will need to be arranged. Contract instructor, Grace Ghansah at Ghansah@goldmail.etsu.edu if guidance is needed. There will be two orientations to choose from Thursday, January 17, 2013 starting at 11:15 AM and 2:15 PM in Lamb Hall, room 105.

CSCI 1100 is a required proficiency for all Freshmen students. A proficiency exam or CSCI 1100 must be taken before you will be allowed to register as a sophomore. This course does NOT count as a UIT intensive course. A portion of this course will be taught using ETSU's distance education system. Students are required to attend class each week. Section 060 is a section for students who would like more in-class participation. It meets twice a week. Students must have a permit to enroll in this section. For permits, go to 107 Gilbreath Hall. For more information about section 060 call 439-6970 or 439-7413. Please contact the UIT office at burke@etsu.edu or 439-6970 for more information.

CSCI 1200 Adventures in Computer Science. This is a course that will provide a visual approach to the principles used in the study of computer science. It is designed for anyone who wants to learn more about computers. Please contact Dr. Suzanne Smith at 439-5807 or smits01@etsu.edu for more information.

CSCI 4957- 001 Special Topics - Computer Forensics - CSCI 2210 or CSCI 2910 is a prerequisite. This course introduces fundamental concepts in computer forensics. It provides essential knowledge and skills for digital forensic auditors. This includes examination of the range of commonly accepted digital forensic audit methods and tools. Please contact Dr. Mike Lehrfeld at 439-6952 or lehrfeld@etsu.edu for more information.

NOTE: CUIAI-5601-995 is a Wimba Online Classroom based live video streaming section. Students will log in to the live class using a computer at the same time CUIAI-5601 section 201 is scheduled. For minimum computer system requirements and additional information please go to <http://de.etsu.edu/nelsonr/minimumrequirements.htm> (you will need to copy/paste the link). Please be advised that for the 995 section you may be required to come to main campus for tests and presentations. Other requirements will be addressed by the professor. Recordings of each class session will be available via the course D2L page. Students wishing to attend a class-room section must enroll in another section of CUIAI-5601.

Note: "Environmental Forensics" - The curriculum will consist of a series of case studies that are arranged to address environmental toxicology and health issues organized into several broad categories: Air quality, Water quality, Land use, Occupational health and safety, and Global effects of human activity. The cases will be designed to address environmental problems that are relevant to the Appalachian region and broadly

across the United States, as well as globally. This course is open to all undergraduate and graduate students. Preference given to students within the College of Public Health. If you have ever wondered or wanted to explore more about the health of the environment, you are invited to take a journey with us!! For further information please call 439-5243.

3950-001 Slavery in the U.S. Constitution & American Politics, 1787-1860 is: Note: This is a Writing Intensive course (IWRT) that examines the politics surrounding slavery from the drafting of the Constitution (1787) through the end of Reconstruction (1877). The course focuses on slavery-related clauses in the U.S. Constitution and looks at how they affected developments in national politics, foreign policy, and Supreme Court decisions. Along with debates at the Constitutional and state ratifying conventions, students will read petitions, election returns, federal statutes, Congressional records, treaties, court decisions, and diplomatic correspondence. We will also look at the ways that slavery impacted the emergence and development of major political parties and presidential elections. Course assignments include reading secondary and primary texts, transcribing eighteenth century documents, participating in classroom discussions and debates, films and film documentaries, and submitting short response essays that combine analysis and contextualization of secondary and primary sources.

NOTE: HSMP 5590-990 is a live video streaming section. Students will log in to the live class using a computer at the same time HSMP 5590 section 521 is scheduled. For minimum computer system requirements and additional information please go to <http://de.etsu.edu/nelsonr/minimumrequirements.htm> (you will need to copy/paste the link). Please be advised that for the 990 section, registration is by permit only. Please contact the Department Chair at khoury@etsu.edu to request a permit. Other requirements will be addressed by the professor. Recordings of each class session will be available via the course D2L page. Students wishing to attend a class-room section must enroll in another section of HSMP 5590.

MATH 1530 section 990 is a live video streaming section. Students will log in to the live class using a computer at the same time MATH 1530 section 521/531 is scheduled. For minimum computer system requirements and additional information please go here: <http://de.etsu.edu/nelsonr/minimumrequirements.htm> (you will need to copy/paste the link). Please be advised that for the 990 section you may be required to come to main campus for tests and presentations. Other requirements will be addressed by the professor. Recordings of each class session will be available via the course D2L page. Students wishing to attend a class-room section must enroll in another section of MATH 1530.

PMGT 5160-990 is a live video streaming section. Students will log into the live class using a computer at the same time PMGT 5160 section 501 is scheduled. For minimum computer system requirements and additional information, please go here: <http://de.etsu.edu/nelsonr/minimumrequirements.htm> (you will need to copy/paste the link). Please be advised that for the 990 section you may be required to come to main campus for tests and presentations. Other requirements will be addressed by the professor. Recordings of each class session will be available via the course D2L page. Students wishing to attend a class-room section must enroll in another section of PMGT 5160.

PSYC 1310 section 990 is a live video streaming section. Students will log in to the live class using a computer at the same time PSYC 1310 section 501 is scheduled. For minimum computer system requirements and additional information please go here: <http://de.etsu.edu/nelsonr/minimumrequirements.htm> (you will need to copy/paste the link). Please be advised that for the 990 section you may be required to come to main campus for tests and presentations. Other requirements will be addressed by the professor. Recordings of each class session will be available via the course D2L page. Students wishing to attend a class-room section must enroll in another section of PSYC 1310.

SPCH 1300-920 and -921 are student self-paced sections. Students can pace how fast they wish to proceed through the material. Students can finish as quickly as they wish, or take the whole semester to finish. Assignments and tests are scheduled and are due at the students' convenience any time during the semester. Students must have appropriate video recording devices available for use as well as computer access to the online site. For more information e-mail robertsc@etsu.edu.
