The Family Educational Rights and Privacy Act

The **Family Educational Rights and Privacy Act** (FERPA) afford eligible students certain **rights** with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) These rights include:

- The right to inspect and review the student's education records within 45 days after the day that East Tennessee State University receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
- The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- The right to provide written consent before the university discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. The school discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the [School] in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the [School] who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the East Tennessee State University.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the East Tennessee State University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202

Undergraduate Advisement Requirements

Advisement

<https://www.etsu.edu/advisement/>

ETSU has a shared delivery model for undergraduate advisement where some advisors meet with students in a centralized area and others advise students within their major department. To find your advisor, please visit the Search for ETSU Academic Advisor website (<https://www.etsu.edu/advisement/>).

Academic advisement is a shared responsibility, with students and advisors working together to develop and enhance educational plans and to promote the student's academic success. Your advisor is a valuable link between you and the University. Advisors do more than just scheduling. Your advisor may routinely contact you regarding academic alerts, mid-term grades, course scheduling issues and progress toward degree. Advisors are a great resource and can provide information, recommendations and referrals. The relationship students develop with their advisor is important to their success at ETSU.

Students should consult with their advisor each semester and especially before making decisions that may affect their academic progress and success. Discussions with the advisor may include: understanding degree requirements, dropping a class, withdrawing from ETSU, selecting courses, and exploring career options. **Students are ultimately responsible for their academic decisions, including course selection, meeting prerequisites, and adhering to policies, procedures and deadlines at ETSU.**

Mandatory Advisement

All students have a major advisor and should confer with their advisor each semester and when questions arise. In fact, ETSU **requires most students** to consult with an advisor before registering each semester. Students have an advisement hold each semester that will prevent registration until the student has consulted with their major advisor. Mandatory advisement ensures timely and accurate course registration and helps keep students on track for graduation.

How to Find Your Advisor

Advisor contact information can be found online at: <https://www.etsu.edu/advisement/>

Additional advisement opportunities:

- Some students may have multiple advisors (major, minor, licensure) who will provide advisement for each area.
- Students taking all classes at ETSU Kingsport Allandale may contact the Kingsport Center for advisement information (423-392-8000).
- Other advisement or support areas such as Athletics, New Student and Family Programs (NFSP), Honors Advisement, Student Support Services or Medical Professions Advisement may contact students to discuss additional advisement opportunities or requirements.
- Students who are pursuing secondary education (grades 6 through 12) licensure should contact the Clemmer College of Education & Human Development during their first semester at ETSU (423-439-7626).
- All students will benefit from conferring with their assigned advisors on a regular basis.

It is the student's responsibility to provide written documentation substantiating reasons for the appeal.

Withdrawals or reductions in course load due to personal illness/injury require a statement from a licensed medical physician stating withdrawal was necessary due to the health of the student. A death in the immediate family can be verified with a copy of the obituary. Immediate family includes spouse, child, stepchild, parent, stepparent, foster parent, parent-in-law, sibling, grandparents, and grandchildren. HOW TO READ THE ONLINE SCHEDULE OF CLASSES

Course I.D. Number

The course I.D. number consists of three parts:

1. **The Subject Abbreviation** (Abbrev.) – The first four characters of the course I.D. number refer to the academic subject under which the class is offered. See subject codes under General Information.
2. **The Catalog Number** (Cat. #) – Characters five through eight of the course I.D. number. These four numbers refer to the course description listed under this program in the University Catalog. The first digit of the catalog number indicates the level of the course.
3. **The Section Number** (Sec. #) – The last three digits of the course I.D. number make the course unique.
The Course Reference Number (CRN)
 The CRN is the five-digit number keyed in the boxes on the drop/add screen.

Credits

The credit (CR) value represents the number of term-hours credit of a particular section.

Standard Day Class Times

The length of class periods is determined by dividing the minimum required teacher/student contact time by the number of class meetings in each session. The minimum required lecture contact time is 750 minutes per hour of credit. Classes with a laboratory component will always exceed the minimum (and is usually at least double the minimum) time for lecture only classes. The ETSU calendar and standard class periods are designed to ensure that 3 credit hour courses will meet the minimum teacher/student contact hours for a given term.

ACT or SAT Requirement

Information for test score requirements related to Admissions decisions can be found by clicking on the following link: [Undergraduate Admissions Policy](#). ACT, SAT, or Accuplacer scores will be used to identify students who are required Learning Support. ACT and SAT scores will be used to identify scholarship eligibility

****ACT, SAT, or Accuplacer scores will be used to identify students who may need learning support to improve their performance in degree programs.**

Accuplacer Testing

If you are required to take an Accuplacer exam, you must register for the exam through the University Advisement Center. Call 423-439-5244 for registration details.

Adding and Dropping Courses

Adding a Course: Courses may be added during the late registration/late add period without special permission, unless the course has reached the established maximum enrollment. To add any class that has reached the enrollment limit requires permission of the instructor and department chair. After the late registration/late add period, special permission must be obtained from the instructor, the department chair, the dean, and the registrar.

Dropping a Course: Courses may be dropped during the first eight calendar weeks of a regular semester. Courses dropped during the first two weeks will not appear on the student's permanent record. Students who drop a course after the second full week of classes through the eighth calendar week will receive the grade of 'W.' (During the summer or winter session, or when courses do not conform to established term dates, this schedule is adjusted appropriately to fit the condensed time frames.)

Once enrolled, students may not drop courses meeting Learning Support requirements without written permission and under special circumstances as determined by staff in the University Advisement Center located on the 2nd floor of the DP Culp, Carrier Center.

After the eighth week, students may not drop a course except where verifiable, extenuating circumstances can be demonstrated. Verifiable extenuating circumstances are reasons beyond the control of the student, such as illness or accidental injury. Poor performance in a class is not an extenuating circumstance.

Students seeking permission for late drops must present a petition to the dean of the college or school in which they are majoring as of the beginning of the semester. Students whose majors are undecided must apply to the University Advisement Center.

If a late drop is approved, the student will receive a grade of 'W' (Withdrawn) or 'WF' (Withdrawn-Failing), as assigned by the instructor of the course.

It is the student's responsibility to register for courses that are needed to satisfy graduation requirements. Transfer courses must be reflected on the student's transcript before being recognized as meeting degree or prerequisite requirements. It is the responsibility of all students to review completed coursework prior to registration to avoid unnecessary repeats. Courses that are taken to meet Learning Support Requirements may not be dropped without advisor permission and only for extenuating circumstances.

Late add, late drop and withdrawal forms available online at:

<https://www.etsu.edu/reg/forms.php>

Withdrawing from the University

Students may withdraw from all classes through the published last day to withdraw for a term. Students withdrawing during the first two weeks of classes will not have those courses appear on their permanent records. Withdrawals from the university from the beginning of the third week through the end of the eighth week will be recorded with a grade of 'W.' Withdrawals from the university after the eighth week will be recorded with a grade of 'W' or 'WF' at the discretion of the instructor. (During the summer session or other shortened terms, this schedule is adjusted appropriately to fit the condensed time frame.) All requests for withdrawal from the university must be received in the Office of the Registrar no later than the close of business hours two days before the last day of classes of any academic term. Students will not be permitted to withdraw from the university after that date. Students who do not withdraw by the official procedure will receive an 'F' for each course.

Student Responsibility

to Verify Registration through GoldLink Transactions

When doing any scheduling transaction using GoldLink (example: dropping, adding, withdrawing) it is the student's responsibility to verify that transaction by checking the status on the student detail schedule on GoldLink. This will ensure that the action has been completed successfully. The student is responsible for confirming that the drop or withdrawal was received and correctly processed using GoldLink. Students stating they "attempted" to drop or withdraw by GoldLink. But the transaction was not completed will not be permitted consideration of a late drop or withdrawal.

Milligan College/Emmanuel/ETSU Agreement

Full-time undergraduate students (12 credits or more) may take courses at Milligan College and Emmanuel School of Religion. Courses taken through this agreement may be used for elective credit only. Students who wish to cross enroll under this plan may obtain additional information from the Office of the Registrar, Burgin E. Dossett Hall, Room 101.

Undergraduate Pass/Fail Grading Policy

The purpose of this policy is to allow qualified undergraduate students to explore, in a limited manner, their interests and ability in courses of study that are unfamiliar to them and to receive a pass or fail grade instead of a regular letter grade. Consult the current Undergraduate Online Catalog for the complete policy.

Audit Policy

Students are permitted to enroll in regular university courses as auditors. Registration fees are the same for audit as for credit. Regular attendance is required. Audit enrollment will not be considered part of the 12-credit minimum required for a full-time load. Audit enrollment will be counted in determining overloads.

After the published "Last Day to Add a Course" students may not change their enrollment status in a course from credit to audit or from audit to credit.

Persons 60 years of age or older who are domiciled in Tennessee may audit courses without payment of registration fees, if space in the classroom is available. Arrangements should be made through the director of Admissions.

Other unclassified part-time students may enroll for noncredit seminars by paying the fee designated for each term. Students auditing courses may be administratively dropped by the instructor for unsatisfactory class attendance.

Undergraduate Students Repeating a Course

<https://catalog.etsu.edu/content.php?catoid=42&navoid=1780>

Note: All courses attempted count in hours attempted and all attempts will continue to show on the record.

Graduate Students Repeating a Course

If a student chooses to repeat a course, all grades earned are computed in the grade point average. The grade earned on the repeat does not replace the original.

Undergraduate Academic Dismissal

Academic Probation

For baccalaureate and certificate programs, students who fail during and semester to attain a cumulative grade point average (GPA) at or above the level indicated below for the credit hours attempted will be placed on academic probation for the subsequent semester (including summer session) of their enrollment. Any student on academic probation should meet with his/her academic advisor.

Semester Hours Attempted	Required Cumulative GPA (Net)
0 - 29	1.4
29.1 - 45	1.7
45.1 - 59.9	1.9
60+	2.0

Period of Suspension

At the end of the semester of academic probation, a student who has failed to attain either the cumulative GPA standard or a 2.0 GPA for the semester will be suspended one major term (spring or fall semester). The summer semester does not fulfill the requirement as a term of suspension. Re-enrolling at <http://admissions.etsu.edu/apply/readmitted/>. Enrolling at another institution during a period of academic suspension will result in being required to meet the transfer admission requirements for readmission to ETSU. On the second (or subsequent) suspension for failure to meet academic retention standards, the period of academic suspension is for two semesters or longer and requires that the appeal procedure for reinstatement be followed. Re-enrolling at ETSU after serving a period of indefinite academic suspension will require the completion of an application for readmission.

<http://admissions.etsu.edu/apply/readmitted/> Enrolling at another institution during a period of academic suspension will result in being required to meet the transfer admission requirements for readmission to ETSU.

Appeals for Readmission Following Suspension

Where extenuating circumstances are established as primary factors relating to low grades, a student may petition to waive the period of suspension. This petition must describe the verifiable, extenuating circumstances which may include: illness as evidenced by medical documentation; personal problems; accidental injury; or other circumstances beyond the student's control.

Upon receipt of (1) the written petition, (2) a current academic transcript, and (3) any supporting documents, a preliminary decision will be made as to whether there are satisfactory, extenuating circumstances to warrant a formal appeal hearing. If granted, the student will be notified of the time and place of the appeal hearing before representatives of the Office of Student Affairs and the dean's office of the student's major area of study. If the appeal hearing is declined, the student may contact the academic dean in the college in which the student is majoring for a review of the decision.

<http://www.etsu.edu/students/currentstudents/forms.php>

Undergraduate Class Load Policy

Standard Load: The minimum number of credits for full time enrollment is 12 credits. The normal (average) course load is 16 or 17 credits for full time students. The maximum course load is 19 credits, unless permission for an overload is approved. ***Winter is considered part of the Spring term so those courses will be factored in the overload hours.

Overload: The academic advisor recommends and the dean of the student's college/school must approve. Adviser and dean must both sign off on the undergraduate course overload form located on the Office of Registrar website. Students with a cumulative 3.0 GPA may be approved for up to 21 credits. Graduating seniors who do not have grade point deficiencies, may be approved to enroll for up to 21 credits in order to complete graduation requirements during that term. Audit enrollment will be included in determining all class overloads.

Probationary Load: Any student on academic probation at the time of registration may enroll for not more than 15 credits, including audits, except by approval of the student's advisor and college/school dean.

Exceptions: Exceptions to the class load policy, as stated above, require approval of the academic advisor and college/school dean

Change Of Name Or Address

It is the obligation of every student to notify the Office of the Registrar of any change in name or address. Failure to do so can cause serious delay in the handling of emergencies or in receiving mail in a timely manner. Change of name may only be accomplished by presenting proper legal documentation (marriage certificate, divorce decree or court order) and social security card.

Degree and Graduation Requirements Notice

(Intent to Graduate, Application for the Degree, Exams)

Undergraduate students are required to file an Intent to Graduate form and approved major/minor sheets with the Graduation Office two semesters before the anticipated graduation date in order that a graduation audit can be started. All graduating students will be required to take the California Critical Thinking Skills Test before receiving their degree and some majors will be required to take an exam in their major field. Students are required to complete these exams. For specific requirements, check with the departmental office of your major.

Graduate Students, see Graduate Student Information section in this bulletin for filing forms. Graduate students are required to submit intent to graduate forms to the College of Graduate and Continuing Studies by the deadline listed in the graduate catalog.

California Critical Thinking Skills Test (CCTST)

The state of Tennessee requires students attending state-supported colleges and universities to complete a general education assessment as a graduation requirement. ETSU administers the CCTST, California Critical Thinking Skills Test, to meet this requirement. Students may take the CCTST after completing 96 credit hours of coursework. Please be advised that failure to take the exam will result in having your diploma held until this condition is met. Some students may be exempt from the CCTST. For more information, see:

<http://www.etsu.edu/academicaffairs/pds/ie/funding/studentguide.php>

Most students take the CCTST in the University Testing Center, located on the first floor of Sherrod Library. For hours of operation and guidelines for test-takers, please see: <http://www.etsu.edu/testing/>

Online only and distance students may take the CCTST at an approved offsite location. If you are an online only or distance student and need assistance locating an approved offsite location to take the CCTST, you may contact the Office of Assessment (assessment@etsu.edu).

Major Field Test

A Major Field Test (MFT) evaluates students' knowledge in their discipline of study. MFT results help the department and the university to evaluate the curriculum and make improvements where indicated. Students will be contacted by their departments with dates and locations of major field tests. Please be advised that failure to take the MFT will result in having your diploma held until this condition is met.

- Summer graduates are not required to take the MFT for Quality Assurance Funding.
- The Major Field Tests required for fall 2025 and spring 2026 graduates will be determined by the beginning of fall 2025.

For more information, please see:

<http://www.etsu.edu/academicaffairs/pds/ie/funding/mft.php>

Center for Academic Achievement (Tutoring, Supplemental Instruction, and Academic Coaching)

Located on the first floor of the Sherrod Library, the Center for Academic Achievement (CFAA) is the home to three free academic support programs to help students be successful in college including tutoring, supplemental instruction (SI), and academic coaching.

The CFAA is the place for students to go for help with their academics. Free one-on-one tutoring is available in writing through the graduate level, math, science, and general education core courses. The tutoring center is open seven days a week, and students can receive assistance either face-to-face on campus or online via Zoom. SI provides weekly study and review sessions for historically difficult courses like biology, chemistry, and anatomy and physiology. Academic Coaching is a program designed to help students transition to college and build their academic success skills through peer guidance. Call 439-7111 or visit www.etsu.edu/tutoring for more information.

University Testing Services proctor online exams for ETSU courses and a number of national tests. Instructors who create their tests in D2L can arrange for their students to be proctored on a by-appointment basis in the CFAA's secure, low-distraction, computer-based testing environment. MMR Requirements

Full-time (12 credits or more) college students are required by law to have proof of two doses of MMR vaccine administered on or after their first birthday. New students must provide proof of receipt of the first MMR vaccine dose prior to the first day of class of the student's initial semester at ETSU. Subsequently, the student who is completing the MMR vaccination series as a condition of enrollment must submit receipt of the second dose of the MMR vaccine as soon as possible after the proscribed twenty-eight (28) day waiting period between doses, but no later than the beginning of the next semester.

Note that the following categories of full-time college and university students are exempt from compliance with the MMR immunization regulations:

- ♦ Students born prior to January 1, 1957.
- ♦ Students who attended a public or private school in Tennessee for grades kindergarten through twelve for any period of time on or after July 1, 2001.

Meningitis/Hepatitis Policy

The State of Tennessee mandates that all students be informed about Hepatitis B infection and Meningococcal Meningitis infection. A waiver indicating that the student is aware of the risks of the diseases and the availability of vaccines for the diseases of hepatitis and meningitis must be signed. The waiver may be signed electronically on **GoldLink** as the student starts to register for classes. **GoldLink** will tell the student that a hold has been put onto the student's account and will not allow registration. The waiver will then appear for completion. After completion of the waiver, the student may resume registering.

If the student is under 18 years of age the waiver may be obtained from the web site of University Health Center <https://www.etsu.edu/nursing/universityhealth/forms.php> **The State of Tennessee does require completion of this waiver even if you have received these vaccinations.** The waiver may be faxed to University Health Center at 423-439-4560. The law does not require hepatitis or meningitis vaccinations for enrollment at this time.

For more information on Immunization Requirements, go to www.etsu.edu/nursing/universityhealth/immunization-require.php

Varicella Requirements

If you were born on or after January 1, 1980, to be a full-time enrolled student, you must provide proof of two doses of the Varicella (Chicken Pox) vaccine or physician signed documentation of a history of the disease. If you cannot provide this documentation, you may provide proof of the results of a positive quantitative titer from a medical laboratory or a provider's office for this disease. Students born before January 1, 1980, or if you are a fulltime online only student, you are exempt from the Varicella requirement. You will have to complete the On-Line Only Immunization form and submit it to the Registrar's Office.

All new, incoming students must receive two doses of the Varicella vaccination, which are given at least 28 days apart. ETSU will allow new incoming students to register for full-time courses for their first semester if they have had only the first dose of the Varicella and the first dose of MMR; however, the second vaccination must be administered in 30 days before they can register for the following semester. Eligible students can complete the One-Semester Only Immunization Waiver if you have received the first dose of both of these vaccinations. Persons who believe they had chicken pox in the past must present appropriate signed medical documentation to ETSU University Health Center from a medical office or health department. Those who are unable to show proof, or are not sure if they have had the disease, can have a titer, or blood test, which would indicate if the person has immunity. Students who have been admitted to ETSU can have the titer done at ETSU University Health Center or any local health department.

A Religious Exemption form is available from University Health Center or a Temporary Medical Waiver may be obtained for women who are pregnant or breastfeeding. A student may also receive a Medical Exemption for cases of severe medical conditions or adverse reactions related to immunizations. Those individuals should contact ETSU University Health Center to arrange for the waiver and specific instructions. Students who will be taking only online and distance-learning courses will also be exempt but must sign an online only waiver each semester. These waiver forms are available on the ETSU Office of the Registrar Web site at www.etsu.edu/reg/.
