next semester!**

**Starting first week of September 2020.
All small group instruction will be
on-line this semester!**

What is JAM?

JAM is a multi-state music program, currently expanding in Upper East Tennessee, that introduces students to the traditional music of their communities and region. JAM provides group instrument and string band instruction, with guest artists and other activities.

WE BELIEVE

Children who are actively engaged in traditional Appalachian music are more connected and better prepared to strengthen their communities for future generations.

OUR MISSION

Our mission is to provide communities with the tools and support they need to teach children to play and dance traditional old-time and bluegrass music.
